SUPPLYONE

The Leader
In Packaging Solutions

**NO MATTER WHERE YOUR
NEEDS LIE, WE CAN TAKE THE
COMPLEXITY AND COST OUT
OF THE SUPPLY CHAIN.**

WE TRANSFORM THE SUPPLY CHAIN.

- Lower direct costs
- Improve working capital
- Reduce process costs

WHAT YOU GET.

- Improved cash flow
- Operational efficiency
- Purchasing effectiveness
- Enhanced warehouse & space utilization
- Ability to focus on what you do best

MAKE IT ALL ABOUT YOU.

Your company is always growing. Business is always changing. You need a partner who can adapt to keep your packaging and operations running smoothly and your supply chain costs in check. SupplyOne offers a massive variety of services to reduce packaging-related expenses and improve productivity. Each one is designed to make your business more efficient and save you money.

WE DO IT ALL.

Your packaging should add value to your business. And that's what SupplyOne's Managed Services Program provides. Our Certified Packaging Specialists work with you to design a customized selection of packaging-related services that lower your direct costs, reduce indirect and process-related costs, and improve your working capital. We understand that what solves your problems today might be different than what solves them tomorrow. As your needs shift, you can count on us to put our objective guidance and expertise to work for you to make adjustments and fill the gaps.

GROW YOUR BUSINESS—FASTER.

SupplyOne's Managed Services simplifies the complexity of packaging management and turns your packaging into profit with solutions that impact every facet of your supply chain.

Lower Direct Costs

- Annual packaging spend
- Freight
- Payment terms
- Labor (reallocate/eliminate)
- Lighting/energy cost

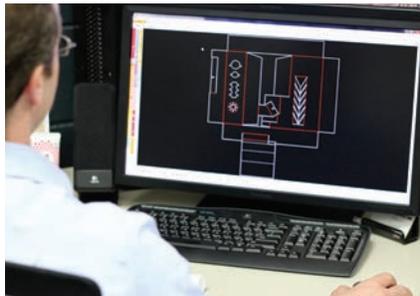

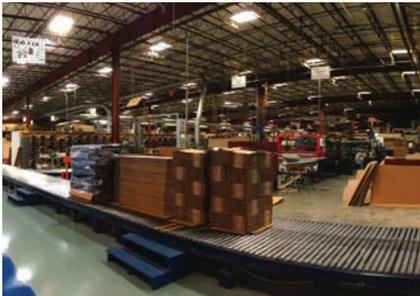

Improve Working Capital

- Investment
- Carrying cost
- Damage/obsolescence
- Off-site storage cost

Lower Indirect/Process Costs

- Product receipt & handling cost
- PO/invoice processing cost
- Operational efficiency

WHETHER YOU NEED ONE SERVICE OR 20, WE IMPROVE YOUR EFFICIENCY AND HELP YOUR BUSINESS PERFORM.

THE TOTAL PACKAGE.

Inventory Management

Free up space, keep inventory levels low and turns high while experiencing the confidence that comes from having the products you need, when you need them.

Vendor Consolidation

Eliminate costly redundancies, increase efficiency, simplify communication, and enhance working capital.

Supplier Management

Simplify supplier management, enhance service delivery, ensure alignment with your strategies, product protection, and safety goals.

Price Protection

Enjoy predictability and control of your packaging costs.

Summary Billing

Save time and money with a single invoice consolidating all of your billing activity.

eCommerce Solutions

Integrate SupplyOne's ecommerce capabilities into your procurement systems for 24/7 access to information.

Custom Online Catalog—1online

24/7 access to online ordering, real-time inventory availability, reporting, control and approval of budgets, order tracking, and more.

Equipment Service Program

Keep your packaging equipment running at peak performance with SupplyOne's responsive, factory-trained technicians.

Preventative Maintenance Program

Eliminate downtime, reduce your maintenance and repair expense, increase packaging quality and extend the life of your equipment with SupplyOne's Preventative Maintenance program.

Structural & Graphic Design

Specialized technical experts and packaging designers can design and validate prototypes and manufacture every packaging component—from direct contact packaging to custom components, point-of-purchase displays, and more.

Packaging Use Assessment

Maximize product protection, shelf life, and operational throughput with comprehensive analysis of your packaging components, product movement, and process.

Product Specification Development

Ensure your product specifications reflect your exacting quality standards and operational expectations.

Project Management

Maximize productivity, efficiency, and speed to market with SupplyOne project management.

On-Site Services

Whether you need an extra set of hands for receiving ordering, distribution, reporting, customer relations or quality control, or want to improve your packaging process, SupplyOne's on-site team is in the house to find the keys to ongoing savings.

Custom Barcoding

Quick, accurate product identification and tracking with custom barcoding.

48-Hour Turnaround on Custom Orders

Enhance your speed to market.

Logistics Services

Whether you require bundled shipments, deliver to multiple locations, or simply require on-time deliveries anywhere in North America, we have the shipping and logistics expertise to handle it professionally and efficiently.

Just-in-Time Delivery

Your packaging materials delivered when and where you need them to ensure you never miss a beat.

Contract Packaging

When you need extra capacity to meet customer demands, access to packaging technologies you don't have in-house, or the flexibility to package low volume items, SupplyOne's contract packaging gives you a marketplace advantage.

Kitting & Custom Packaging Combinations

We're here to assemble cost-effective, high performance packaging to ensure your product gets to your customer in perfect condition.

Energy Reduction Services

Reduce your energy costs, bolster your sustainability initiatives, and improve productivity with SupplyOne's lighting and refrigeration control technology.
